Jesus Heals a Man with Leprosy

Luke 15:12-13

In Bible times, people who had infectious skin diseases like leprosy had to live outside the city so their disease would not be passed on to other people. Luke tells a story of a man with leprosy who came to see Jesus, begging Jesus to cure his leprosy. The Bible says that Jesus was filled with compassion for the man and that He reached out His hand and touched the man. Jesus said, "Be clean!" and the man was healed.

Jesus did more than feel sorry for the man. He saw the man's painful situation and did something about it. When we show concern for and meet the needs of those who are hurting, we are being like Jesus.

to one another, forgiving each other,
just as in Christ God forgave you.
