Dear Parents and Carers,

We have had a fun week in school, with the children becoming immersed in their new project learning in addition to enjoying their new class texts, linked to the key concepts. This week has also seen the launch of our new 'Times Tables Rockstars, Battle of the Classes' competition between Beech, Chestnut and Maple. We have been so impressed with how the children have been working hard at home to earn points for their classes. Each week we will announce the MVP (most valued player) in our weekly celebration assembly. We hope that this will provide an extra incentive for the children to learn their times tables.

Wishing you all a lovely weekend

Katie Welsh  
Head of School

## WILLOW Class News

This week in maths, the children in Willow class have been tasked with creating their own representations of numbers 0 to 5. We have been working hard to understand the composition of numbers 0 to 5. The children had to choose different objects from around the room and explain why they chose to represent a number a certain way. A triangle was chosen to represent the number 3 as it had 3 sides.

## Lets Celebrate!

**WILLOW** Rika for her amazing writing!

**BEECH** Jack M for his great attitude to learning & perserverance.

**CHESTNUT** Naomi R for super effort in maths this week with our work on multiplication and division.

**MAPLE** Willow for her mature and hard working outlook to all her learning.
